

# GMS Group Advantage<sup>®</sup>

**Benefit Plan for Small Business**

*Effective December 1, 2020*

# Generations of Canadians have counted on us. **You can, too.**

In 1949, well over a decade before Saskatchewan would introduce the world to Medicare, a determined group of friends and neighbours joined an equally determined group of doctors in one common pursuit: quality, affordable health insurance.

Everyone would contribute a small sum each month to make sure that, in the event of unexpected illness or injury, they and their loved ones would be well taken care of – and so would the bill.

Group Medical Services was born.

Today, GMS endures as a preferred provider of health and travel insurance, covering a vast range of costs government and other private benefit plans do not. And we've been extending our trademark combination of service, choice and value across Canada since 2003 – to enthusiastic and continually growing response.

Much has changed in over 70 years, but here's what never will:  
Our commitment to protecting you.

## GMS Group Advantage® for Small Businesses (with 3 – 10 employees)

As a business owner, your time is valuable. To simplify the selection and reduce the cost of your group benefits package, we've created GMS Group Advantage, a health, dental, life and disability plan specifically designed and attractively priced for small businesses with 3 – 10 employees.

Your coverage can be as comprehensive and affordable as you'd like – simply choose the benefits that best suit your needs and calculate your monthly premium. No need to wait for a quote!

Finally, Group Advantage plans were designed with stability in mind which means you won't see a big premium hike when your plan renews.

# Health Care Spending Account (HCSA)

Available with the purchase of a Group Advantage Health Plan

An HCSA is a great way to introduce flexibility and choice to a benefits plan. They allow you to expand the type of expenses your plan can cover while only charging you if the account gets used.

Any health or dental expense the Canadian Income Tax Act considers non-taxable can be covered by the HCSA. On top of those expenses, employees can choose to use their HCSA to:

- pay for deductibles and any amounts over and above a deductible;
- cover additional expenses for a benefit if they've reached the benefit maximum; and
- cover insurance premiums if they purchase their own health plan for extra coverage

## How does it work?

As an employer, you choose the HCSA amount employees receive each year. The minimum amount you can offer is \$250 per employee. You have the option to increase that amount by \$50 increments to a maximum of \$15,000 per employee. You can even have different amounts for different employee classes such as owners, managers, and all other staff for example.

Once the HCSA is set up, employees can submit claims for their account just like they would for any other benefit. We'll adjudicate the claim to make sure it's eligible, reimburse the employee, and then invoice you directly for the cost of the claim plus a 10% administration fee. Taxes may apply and there's a minimum annual administration fee of \$100 per policy year.

Each year the HCSA amount will reset for your employees. And if you want to adjust the amount you're offering, you can change it when your plan renews.

## Why add an HCSA?

- ✓ **Attract and retain top talent by adding flexibility to your benefits plan**
- ✓ **Provide extra coverage for what's important to each employee**
- ✓ **Employees can choose how and where they spend their dollars**

The [Canada Revenue Agency website](#) has a full list of medical expenses that are non-taxable and would be covered by our HCSA. Included are things like prescription eyeglasses, prescription drugs and dental services.

# Group Advantage Plus

Group Advantage Plus offers flat-rate benefit options to customize your level of coverage to suit your business' needs. All Group Advantage Plus plans start with the purchase of Life + AD&D insurance for the employee and are limited to either Traditional or High Severity Critical Illness.

## + Life Insurance

An important part of a responsible financial plan. Choose from either a flat amount of coverage or up to one times an employee's salary. Coverage is available until an employee turns 70.

## + Accidental Death & Dismemberment (AD&D)

Provides added financial assistance if an employee loses a limb, sight, hearing, or speech; they become paralyzed; or they die as the result of an accident. Coverage is available until an employee turns 70.

## + Dependent Life Insurance

If you've selected life insurance for your employees, it makes sense to cover those who depend on them. We offer two tiers of flat coverage for both spouses and dependents.

## + Traditional Critical Illness Insurance

Comprehensive coverage that provides financial assistance to employees who are diagnosed with a covered illness. This benefit covers up to 25 critical illnesses such as a heart attack, kidney failure or benign brain tumor. This benefit is available until an employee turns 65 and options are available for spousal and dependant coverage too.

## + High Severity Critical Illness Insurance

Affordable coverage that provides financial assistance to employees who are diagnosed with a covered illness. This benefit covers up to 9 critical illnesses such as a critical stroke, late-stage cancer or severe dementia. This benefit is available until an employee turns 65 and options are available for spousal and dependant coverage too.

## + Long Term & Short Term Disability

Helps prevent or minimize the time your employees are away from work due to a disability. It's also an essential source of income during the time they can't work. Long Term and Short Term Disability benefits can be purchased together or as two separate benefits. Both are available until an employee turns 65.

## + Second Medical Opinion

When someone is diagnosed with a serious medical condition, it's common practice to seek a second opinion. This coverage gives your employees access to a Canada-wide network of second medical opinion specialists. They'll review patient files, verify the diagnosis according to up-to-date practice guidelines and confirm or propose modifications to the suggested treatment plan as required.
